■ Police Commander Mike Brown addressed the Commission stating the City is applying for a COPS Hiring Recovery Program grant which is being funded through the American Recovery and Reinvestment Act of 2009. This grant provides funding directly to law enforcement agencies to hire and/or rehire career law enforcement officers in an effort to create and preserve jobs and to increase their community policing capacity and crime-prevention efforts. The grant covers 100% of the approved entry-level salary and fringe benefits of each newly hired/or rehired, full-time sworn career law enforcement officer for three years. The city must agree to retain these positions for at least 12 months after the federal funding has ended. Brown stated these officers would enhance the community policing within the department by increasing the man hours available for such operations as the Special Community Reaction and Management Team. This team is utilized to specifically target problem areas or issues such as high drug traffic areas, underage drinking hotspots/establishments, high crime areas or as a special detail to saturate an area that has been experiencing a rash of burglaries or other types of crimes.
