9. Resolution No. R-15-161 – A Resolution to approve an economic development incentive package for Project Bike.

- Assistant to the City Manager Trisha Purdon stated MJD Products from Parsons has signed a contract to purchase the RSI building in the Industrial Park and will be moving their manufacturing facility to Coffeyville. They currently have three employees and plan to grow to 30; they manufacture original equipment, sub-assemblies and assemblies. The incentive package includes a \$15,000 forgivable loan, which could go up to \$22,500 depending on where employees live. This will be used to cover the cost of relocation. The final package will be brought to the commission at the next meeting

for approval. Darren Alexander, owner, was introduced. He stated this is a family owned business which has been in business for three years, however, his family has many years of business experience.

MOTION: Move to approve Resolution No. R-15-161 for adoption.

10. Discussion on employee residency requirements.

- Commissioner Martin stated Coffeyville has many houses for sale and requiring future employees to live in Coffeyville would help fill them; it would be a decision people would have to make if they wanted to work for the city. Powell said he can see the benefits; Kastler wants to leave it alone as we have other things more important; Williams is not in favor of expanding the limits.
- City Manager Kendal Francis said this would be a negotiable item with our unions; reducing our residency requirements would limit our applicant pool. He stated approximately 50% of our employees currently live in the city limits.

11. Discussion on municipal facilities project.

- City Manager Kendal Francis stated he contacted a local contractor as instructed at the last meeting to provide an estimated cost of the City Hall renovation with floor plans as designed. The cost would be approximately \$145 to \$155 per square foot or approximately \$1.7 million which was the estimate provided in a presentation in August. This does not include windows, asbestos removal, the staircase, mold remediation on the third floor or any contingency fees.
- Mayor Williams stated we need to set a budget; Martin is not ok with having the police department in a snack bar, and he wants to pay back the CRNF funds borrowed to pay for the facilities project. He suggested a \$5 million budget with \$3.5M for the fire and police departments and \$1.5M for City Hall.
- Francis stated staff is looking at cost savings in the plans such as reduced square footage in the stand alone; eliminating the sally port and garage; using shared spaces. He also informed the commission the elevator at City Hall is malfunctioning. We are getting quotes to retrofit the system as the parts are no longer available. To install a new elevator would cost \$200 to \$250,000.
- The budget for the facilities project will be discussed on December 22. If not all commissioners are present, a special meeting will be called.

12. City Manager Report

- Watco will begin repairs on 4th & Patterson crossing on December 9; there will be a retirement reception for Wayne Joplin on December 16, 2-4 p.m., at the Fire Department.

13. Comments from Commissioners and Staff

- Finance Director Stephanie Richardson stated work comp insurance will be on the next agenda as the KERIT group were approving rates today.
- Commissioner Kastler asked a what was the status of the building across from the Fire Department; it is being used as storage. Is there a staff problem in each department; the police department is down three officers; electric distribution has recently hired two employees and public service has added two employees. How much do we spend on

the utilities office; it is costing approximately \$10,000 per year to operate. Will City Hall be abandoned; no, the City Hall renovation is a priority, however, a reduced budget will require police to go back in City Hall. What will become of the existing fire department; it will be used as storage and for one truck. What is the status of the city owned property by Walmart; it will be used as an incentive for future retail.
