Structure Fire at 210 W. 1st Street

One person sustained injuries in a house fire this morning at 210 W. 1st Street. The Coffeyville Fire Department was dispatched at approximately 8:40 a.m., and upon arrival moderate smoke was seen coming from the rear of the structure.

The residence, owned by Rhonda Lewis, was occupied by three adults. One occupant was transported to CRMC by ambulance with non-life threatening burns. The fire, which began in the kitchen, has been determined to be accidental. Damage to the structure is estimated at \$15,000.

CFD was assisted at the scene by the Coffeyville Police Department, CRMC EMS, Coffeyville Municipal Light and Power and Atmos Energy. The Red Cross was contacted to provide assistance to occupants.

Picture tagline –

Firefighters are in the process of painting and pressure testing hydrants throughout town. The top color of each hydrants denotes how much water is available from the hydrant in gallons per minute (GPM). Green tops denote 1000-1499 GPM. Orange tops denote 500-999 GPM and red tops denote below 500 GPM.
