- Planner/Architect Dennis Jacobs addressed the Commission stating Jed Claybrook is requesting property located at 805 S. McArthur Street be rezoned from single family residential district (R-1) to Local Business District (C-1) for the purpose of operating a tea room. The Planning Commission recommends the Commission deny the request primarily due to questions about parking. The neighborhood is mixed use, however, there are residences and those residents are concerned about the narrow street as well as parking. As the Planning Commission recommended denying the request, it will take a super majority to overturn the recommendation.

The pipeline will cross city owned property, therefore, Chaparral is requesting they be granted an easement right of way. The city will grant a nonexclusive 20 foot wide permanent easement and a 50 foot wide temporary construction easement for the purpose of laying a single pipeline which is not to exceed eight inches in diameter.

The project will be done by United Sports System at a cost not to exceed \$29,900 and will be paid from the VMS maintenance fund to which the City, Coffeyville Community College and U.S.D. 445 all contribute.

She also reported on an investigation into the rumor a city-owned orange dump truck had been taken to Colorado. The rumor began as a result of the Colorado toll road billing the city after they incorrectly entered a license plate into their image processing system. The rumor resulted in false and libelous statements being made against specific employees in chat rooms. Commissioner Edwards requested the City Attorney pursue finding out who made the statements even to the extent of filing suit.
