The funds are remitted to the State of Kansas; each city with a population of more than 6,000 receives 70% of the amount collected as local alcohol liquor funds. These are to be used one-third for the general fund; one-third for a special parks and recreation fund and one-third to a special alcohol and drug program fund. THERE WILL BE NO ACTION TAKEN ON THIS ITEM.

10. Consideration of payment to Retail Attractions.

- City Manager Gary Bradley stated the City entered into a 12-month agreement with Retail Attractions in April, 2012, for retail recruitment. As the City was not satisfied with progress made, Commissioners previously agreed to provide the 60-day notice to terminate the agreement. The motion was amended to allow the City Manager to meet with Retail Attractions before terminating the agreement. Subsequently, Retail Attractions struggled to meet with the City Manager in a timely manner, and the 60-day notice to terminate was no longer effective. The Commissioners have not approved the payment of funds to Retail Attractions. As the scope of work in the agreement is vague, it would be difficult to prove Retail Attractions did not meet their obligations. Additionally, if the City does not pay per the agreement, it may end up costing the City more in the long run to fight it.

MOTION: Move to submit payment to Retail Attractions and allow the contract to terminate.

Resolution No. R-13-34 – A Resolution to implement a personnel manual/memorandum of agreement with Fraternal Order of Police, International Association of Fire Fighters, International Brotherhood of Electrical Workers and International Union of Operating Engineers and wage increases effective May 1, 2013, through December 31, 2015.

- City Manager Gary Bradley stated the City has traditionally completed similar agreements in December for implementation. However, in accordance with previous discussions with the Commission, staff first conducted a compensation study to determine the market and evaluated the budget to identify the amount of revenue that might be available for compensation with the goal being to ensure the compensation is consistent with the labor market for comparable positions. The wage survey

compared the Electric Department with other cities which had municipal electric utilities and the Fire Department with cities which had hazardous material regional response teams. The bargaining units are comfortable with the increases.

MOTION: Move to table.
