7. Resolution No. R-14-15 – A Resolution to issue a purchase order to Garver for Engineering Design Services for the Electric Utility Substation B North.
 - Utility Director Gene Ratzlaff the electric load has increased at CRNF and will continue to increase. If a failure were to occur, it would exceed the capacity of one transformer which would require the customer to shed some of the load, and it would take a year or more to repair/replace the transformer. An evaluation of the substation infrastructure is required to determine the most economical way to provide redundant capacity to serve the increased load. Requests for Qualifications were issued, and there were seven companies responding. Three were interviewed with Garver selected to conduct the study at a cost of \$62,800. The preliminary cost estimates to upgrade the substation are \$3.3 million. CRNF will pay all expenses related to the project.

MOTION: Move to approve Resolution No. R-14-15 for adoption.
